Your Comments:

I am writing you today to express my concerns that the draft Superfund Cleanup plan for the Portland Harbor does not do nearly enough.

I want to see the companies responsible for the pollution paying their fair share and not relying on a monitored natural recovery which further allows them to get off the hook.

Creating a toxic waste disposal in the Willamette river is not an acceptable solution!

Please do your job and consider the welfare of the people and fish and waterfowl in protecting us and not the polluters.

Sincerely,
